Hadrian Acquires Locker and Toilet Partition Manufacturing from AccessSMT

Calgary, Alberta – October 30, 2019 – AccessSMT, formerly Shanahan’s Limited Partnership and McGregor & Thompson Hardware, is announcing the divestment of our locker, toilet partition and boot rack manufacturing operations in Calgary to Hadrian Manufacturing Inc.

AccessSMT has transitioned its’ business from manufacturing to solely focus on being the preferred solutions provider for Division 8, 10 & 28. We retain the expertise to source, consult on and supply products, including lockers, toilet partitions, boot racks and visual boards.

Effective January 1, 2020, the AccessSMT Manufacturing location will become the primary manufacturing center for Hadrian Manufacturing Inc. for locker products throughout North America, with a strong focus on safety, quality, and delivery.

In a press release, Hadrian says: “The increased capability will further strengthen our position as a leading manufacturer of quality toilet partition and locker products. Shanahan’s has re-branded as AccessSMT and will continue to provide solutions to the Division 8, 10 and 28 markets.

For questions regarding this transition, please contact:
